JUNE TRIAL TERM.

Opened at Goshen, To-day, by Judge Garretson.

CALL OF THE LARGE CALENDAR.

Many Cases Announced as Ready and a Busy Two Weeks' Term in Prospect—Most of the City Suits To Be Tried.

The June trial term of the Supreme Court opened at Goshen, at 11:30 this morning, with Judge Garret J. Garretson on the bench, and a large attendance of lawyers, jurors, litigants and witnesses.

Ex-Sheriff Jacob M. Johnson, of this city, was made foreman of the Grand Jury. Eight or ten jurors were excused for various reasons.

A call of the calendar showed the following disposition of cases:

READY.

In the divorce suit of Burt Kanoff vs Daisy E. Kanoff alimony of $3 a month and $25 counsel fee was granted on application of defendant's counsel.

All other cases are either off or over.

After the call of the calendar court took a recess for dinner.

GRAND JURY'S WORK.

The time of the grand jury was occupied with the taking of testimony against James Small, who is charged wito robbing George Hunkins' home, on Highland avenue.

The Brown-Warner stabbing case was to come on next.

A YEARS' RAILROAD BUILDING.

Interesting Figures Which Show How Railroad System Are Extending.

The revised figures given by the *Railroad Gazette* show the total of new roads built in the last year, (exclusive of second tracks and sidings) to be 3,265 miles. The figures for the year before were 2,109 miles, which was but little more than the increase for the preceding three years. There is reason to believe from the activities now apparent that the new building of 1899 will much exceed the higher figures of last year.

In railroad building Minnesota leads with 292 miles; Texas then follows with 208 miles; New Mexico, 173, Louisiana, 165, Alabama, 162; Arkansas, 155; Oklahoma Territory, 144, and Georgia and North Carolina, 140. Delaware, Vermont and New Jersey added less than three miles each; New York 45 and Pennsylvania 129.

The Milford, Matamoras & New York Railroad is put down as building 13-100 of a mile from Port Jervis to Pennsylvania line and through Matamoras 87-100.

A Kitten That Catches Snakes.

From the Fishkill Standard.

Dewey, the Matteawan kitten which has achieved notoriety by catching and killing snakes, is still maintaining his reputation. His home is with Archibald M. Taylor's family on Teller avenue. On Monday he brought a live garter snake into his master's home and laid it down on the floor, as much as to say, "Isn't that a nice one!" The snake was 22 inches long. Since then pussy has killed half a dozen, of all sizes and species. On Thursday he captured three, and at night brought in the largest yet. It was fully 28 inches long.

Irish Employes Give Place to Poles

The upper furnace at Poughkeepsie which has been shut down for three years will be started up this week. About 300 men will be employed. As showing the change that has taken place in labor conditions it may be of interest to note that when the furnace shut down most of the employes were Irish. The new force that has been engaged consists almost entirely of Poles.

The Bridegroom Still Missing.

From the Jeffersonville Record.

Charles Lyon, the husband of Miss Lizzie Duttweiler, of Jeffersonville, who left here on Thursday, May 18, to draw his money from the bank, has not yet returned, although he promised to be back on the following Monday. Nothing has been heard from him since he left.

"JOHN HENRY" STABBED.

His Wife Arrested Charged With Slashing Him With a Razor.

Mrs. Annie McDermott, wife of Millard Filmore Crissman, more commonly known as "John Henry," for many years a well known barber of this city, was arrested in Newburgh, early Saturday morning, charged with stabbing her husband in the groin.

The Newburgh *Register* gives the following account of the affair:

Shortly after 12 o'clock, Friday evening, as Policeman Conyngham was patrolling Liberty street, south of Broadway, a young man rushed up to him and asked him where he could find a physician, telling him that a woman at 77 Liberty street had stabbed her husband in the groin.

Policeman Conyngham reported the case and then with Roundsman Hannan hastened to the scene. Dr. W. H. Snyder was in the meanwhile summoned, and he attended to the wounded man. Upon examination it was found that a severe and painful cut had been inflicted upon the person of Crissman. He said he did not know who had inflicted the cut, but his wife was the only other person in the room.

Crissman and his wife occupy a furnished room at 77 Liberty street. They have been there but a short time. It is said that the two quarreled about 9 o'clock Friday night, but over what could not be ascertained. When charged with committing the rash act Mrs. Crissman denied any connection with it, and even went so far as to say that Crissman committed the deed himself. Crissman himself says that he does not know who cut him, that he did not feel the cut, and that he was awakened by the profuse bleeding. This seems hardly probable. His wife was the only other person in the room. Crissman, however, refused to charge his wife with the crime.

Dr. Snyder dressed the wound and the injured man was taken to police headquarters where his name was put on the blotter as a lodger in order that he might get proper treatment. Mrs. Crissman was placed under arrest and a charge of assault in the second degree lodged against her.

When arraigned before Recorder Hyndman, next morning, she persisted in saying that she did not commit the deed. She said she was out in the yard when she heard her husband cry out and when she went to his room found the bedclothes all blood. No credit is attached to her statement. The razor with which the cut was inflicted was found in the bed by the police. Recorder Hyndman held Mrs. Crissman for further examination on Monday night.

Crissman was employed as a barber in the tonsorial parlors at 116 Broadway. His wife is well known in police circles. Several times has she appeared before the recorder and but a short time ago she attempted suicide by jumping from a ferryboat.

IN THE JAIL AT NEW CITY.

Mrs. McNally's Visit to Mrs. Barrow, Who Is Supposed to Have Told the Whole Story of the Kidnapping.

Mrs. McNally went to New City, Sunday, in company with a *World* reporter named Cooper. She had a long interview with Mr. and Mrs. Barrow in the latter's cell in the Rockland county jail. It is believed that Mrs. Barrow made a full confession to Mrs. McNally, for, as she was leaving the cell, she said: "I'll do all I can. I don't see how you could have done,—" the sentence was never completed, for Mrs. Barrow threw her arms about Mrs. McNally and kissed her goodbye.

After leaving the jail Mrs. McNally is reported to have said that many of the statements made in the alleged confession of "Carrie Jones" or Belle Anderson were absolutely untrue.

Public sentiment in Rockland county is very strong against the scheme of the county officials to retain possession of the prisoners. The interests of justice do not require it and taxpayers object most decidedly to saddling the expense of a trial on the county. The prisoners have been in custody but a few days and already expenses are beginning to pile up, for extra guards have been put on duty at the jail and twelve armed guards have been engaged by Sheriff Blauvelt to escort the prisoners to Garnerville for this afternoon's examination.

FARM BARN BURNED.

Joseph K. McVoy's Barns Destroyed—Two Horses and Three Cows Perish.

From Our Montgomery Correspondent.

About 10 o'clock, Saturday night, a fire was seen to the northeast of this village, which proved to be the barns of Joseph McVoy, about two miles and a half from here. The fire, which seems to have been of incendiary origin, destroyed the barns and their contents, including three cows and two horses, all farming implements and hay and straw. Mr. McVoy and family were in Walden at the time of the fire.

The property was insured with Case & Taylor, of Middletown, as follows: Buildings, $1,000; produce, $300; farming utensils, $100, wagons, $150; each horse $50 and each cow $30.

The Greatest Fishing Club's Annual Outing.

The members of the greatest fishing club ever formed, who didn't go to Sullivan county last week, and some recruits, left, to-day, for Lew Beach on O. and W. No. 1. In the party were Nate Hubbard, Dr. Faulkner and Thomas R. Moore, of Walden; Thomas Galloway and Dr. J. H. Holly, of Warwick, and Andrew Bertholf and Jacob Gunther, of this city. They always have good luck, and they eat trout three times a day.

THE WATER BOARD.

Lower Rates Granted to Manufacturers.

MR. FELLOWS PRESENTED PETITION

Signed by All the City's Manufacturers—Rebate of Twenty-five Per Cent. from Fixed Rates Increased to Forty Per Cent.

A meeting of the Water Board was held, Saturday night, at which O. S. Fellows, representing the Anglo-Swiss Condensery, presented a petition signed by the manufacturers of this city asking for a reduction of water rates to manufacturers.

Mr. Fellows, whose concern uses five times as much water as the combined quantity used by all of the others, urged that cheaper rates were needed to bring factories here and to assist those already here. The income from water rents is now twice as much as the interest on bonds and the expenses of supervision and maintenance. The petition asked for a reduction of 33⅓ per cent., and was signed by the Anglo-Swiss Condensed Milk Company, Wallkill Hat Works, Howell-Hinchman Co., McMonagle & Rogers, National Saw Company, Clemson Brothers, Eagle File Company, Giles Brothers, Morgans & Wilcox, George Dorrance, Hamilton Manufacturing Company, City Iron Works, E. Millen, P. F. Miller, L. V. Sinsabaugh & Co., Orange County Brewing Company, Union Hat Company and Isaac Crans' Sons.

The petition was discussed at length later in the meeting and it was finally decided to increase the present rebate of 25 per cent. to be made to manufacturers who pay within sixty days to 40 per cent. under the same terms.

The clerk's report showed the total receipts for May to be $8,132.83, while the disbursements were $2,534.96.

In the matter of James Speers vs. the city of Middletown, an action brought to recover damages resulting from an overflowed road near Highland Lake, Thomas Watts, attorney for the plaintiff, presented a stipulation in which the plaintiff agreed to accept $50 for all damages and terminate the suit. On recommendation of the city attorney the stipulation will probably be accepted.

Hillside Cemetery Association's application for water was granted. It will be metered.

Consideration of Peter Cummings' application for a rebate was deferred for a month.

W. J. Rowe's complaint that he was unjustly taxed for water was referred to a committee.

Supt. Davey's report showed that during the month pipe had been laid as follows:

Grand avenue, 715 feet; North street, 1,551 feet; Low avenue, 365 feet; Prospect street, 187 feet; Beattie avenue, 300 feet.

The depth of the lakes on May 30 was: Highland, 20.3, Monhagen, 22.2. The rainfall for the month was 1.94 inches.

Bills were audited and then the Water Board adjourned.

HYMENEAL.

Wern—McNeely.

The wedding of Frank Wern and Mrs. Nellie McNeely at the home of the grooms' brother, 13 Commonwealth avenue, Saturday night, at 8.30, was a very happy affair. Rev. W. C. Drach officiated in the presence of a hundred guests. Mrs. William Wern was bridesmaid and John Wern was best man. The house was prettily decorated with beautiful cut flowers. Refreshments were served the guests.

Reinecke—Gee.

Theodore Reinecke, Jr., and Miss Kate Haynes Gee were united in marriage at the home of the bride, No. 7 West 118th street, New York city, Sunday, at 4 o'clock. Only the immediate members of the interested families were present when Rev. J. E. Campbell performed the ceremony. The couple were attended by Edward and Saidie L. Gee, brother and sister of the bride.

The bride was very attractively attired and carried bridal roses. After the congratulations and the refreshments, which were of an elaborate order, the couple left for this city, where they now occupy the Drake house on Maryland avenue which the groom has had furnished.

Mrs. Reinecke is well and favorably known in this city. She was at one time employed as a bookkeeper for C. Emmet Crawford, and of late has been with a popular and extensive house of commerce in New York, as head accountant. She is a brother of Frank Gee, the well known mail clerk on the Erie.

Mr. Reinecke has made a large circle of friends since his residence in this city. He is office manager of the Orange County Brewing Company and as popular with employes as with the general public.

The Argus extends congratulations.

The departure of Mr. Reinecke to New York, Saturday, to be married was known to but a very few of his friends. The employes of the brewery disbelieved his story that he would be home, Tuesday, and they placed a large "welcome" with green decorations on his door, yesterday afternoon.

Ghost Running a Sewing Machine.

Norwich has a ghost that runs a sewing machine. At all events, ever since a family moved out of the rooms over a store in that village, a year ago, the proprietor and clerks have heard at intervals a sound overhead, exactly like that made by a sewing machine in motion, and all attempts to ascertain the cause of the sound having failed they, have come to the conclusion that it is made by a spook.

OBITUARY.

Mrs. Emeline Wheeler Mosher.

Mrs. Emeline Wheeler, wife of Henry S Mosher, died at 8:30 o'clock, Sunday morning, at her home, No. 7 Lake avenue, aged sixty-four years and five months and one day. She had been in failing health for some time and her death was not unexpected.

Mrs. Mosher was a daughter of Elisha P. and Phoebe (Sears) Wheeler, deceased, and was born in Montgomery. She came with her parents to this city in 1843 and has ever since resided here. She was married Feb. 13, 1855, to Mr. Mosher, who survives her, as do three sons: Henry, of Goshen; Rev. Philip W., of Niagara Falls, and Alexander C., at home. Five children died in youth.

Mrs. Mosher was the last of a family of five children, the others having been: Foster F., who died in infancy; Lemuel, who died in this city in 1873; James Wheeler, who died in San Francisco in 1893, and Hannah Wheeler Horton, wife of Charles H. Horton, who died in London, England, May 10, 1899.

Mrs. Mosher became a member of Grace Church at the time the parish was organized and her interest in and love for the church continued up to the time of her death, and so long as her health permitted she availed herself of every opportunity to attend its services. Her gentle nature, her patience and her fortitude won for her a warm place in the hearts of all who knew, and they all feel sure that the faithful wife, devoted mother and true woman will receive the great reward to which her unselfish life entitles her.

The funeral notice appears elsewhere.

AT MIDWAY PARK.

What Is and What Is to Be at This Resort.

There is no denying that Midway Park is steadily growing in popularity. There were more people there Sunday than in many a day before, excepting, of course, Decoration Day.

The band concert was given in the afternoon in the hearing of thousands, and a gentle breeze played over the spot all day.

Manager Starrett, who is commissary sergeant of Raskin's Third Battery, of Brooklyn, will go with the battery on a ten days' march and camping tour, starting on Thursday. The battery will reach Peekskill next Sunday. Captain Raskin, by the way, is a brother of Mrs. Moog, and Mr. Moog is armorer for the Third Battery, the Moogs, who assist at the park on rush days, having adopted Starrett when he was young.

Sergeant Starrett will run up here Sunday, if possible, from Peekskill. He announces that there will be free dancing Wednesday and Saturday nights.

On July 4th, there will be aerial trapeze performances by Fowler and Madame Jangani. Marks Fortes, the famous slack wire walker, will also give an exhibition out doors. There will be fireworks, two band concerts, dancing, and all of the features will be in operation.

The electric fountain will be an added feature some time this week, and a six days' walk will be put on at an early date.

Carl Johnson has reopened his photograph gallery and it is as popular a place as ever.

H. W. Tuthill has placed several weighing machines at the park.

Erie Excursion Rates to California.

From June 24th to July 7th, the Erie will sell excursion tickets via direct route Middletown to Los Angeles, Cal., and return at rate of $78.25 for the round trip, account of National Educational Association Convention. Stop overs within the limit will be allowed at and west of El Paso, Trinidad, Denver, Colorado Springs, Pueblo and Cheyenne, and west of Edgemont, S. D. and St. Paul. Tickets routed going via Ogden, El Paso, Deming or Barstow; returning via Portland or vice versa will be $12.50 higher than rates via direct routes. 71d5t

The Railroad Company Not to Blame

At the inquest, Saturday afternoon, Coroner Decker's jury found that Frank Cutler, who was killed by the cars at Greycourt, Friday, was killed through no fault of the railroad company. A half brother Isaac Cutlue, of No. 920 Fourth street, Philadelphia, took charge of the body.

THE CHILD STEALERS

Indictments Prepared Against Them in New York County.

DISTRICT ATTORNEY'S NEXT MOVE.

Will Apply to Judge Furman for a Writ of Habeas Corpus—Squire Herbert to Hold Court on a Dancing Platform.

BY ASSOCIATED PRESS.

New York, June 5.—Assistant District Attorney McIntyre will apply to Justice Furman, in the criminal term of the Supreme Court, for a writ of habeas corpus for the Barrows asking that the writ be made returnable forthwith.

The ground for the application will be that an indictment is now pending in this county against them and that there is no indictment pending against the prisoners in Rockland County. The indictment is now prepared. It will charge abduction, kidnapping and conspiracy.

Haverstraw, June 5.—Justice Herbert, of Garnerville, in order to give every one a chance to see the Barrows, this afternoon, announced that he would hold the examination on a dancing platform on the picnic grounds.

No one seems to care if the New York police, who have been subpœnaed, do not come. Their testimony is not important.

The Town of Morong Captured.

BY ASSOCIATED PRESS.

Manila, June 5.—Two battalions of Washington troops under Col. Whaley were landed at Morong, under fire from the gunboats, drove the insurgents from their positions, killing nine and wounding five, and took the town.

Germans Not Pleased.

BERLIN, June 5.—The general tone of the press in commenting upon the acquisition of the Caroline, Ladrone and Pelew islands from the Spanish government is in the direction of belittling the value of the concession. The Tagliche Rundschau, the leading organ of the German expansion policy, says: "Germany obtains the remnants which America, in her superior manner, despised. Their value is small, and there is no need of joyous transports." The Freisinnige Zeitung, which calls them "our new and worthless colonies," says: "A prize would have to be offered to discover which of the three groups is the most valueless. Germany is paying for colonies that nobody else wanted."

Honor Legion Convention.

BURLINGTON, Vt., June 5.—The ninth annual convention of the Medal of Honor Legion of the United States will be held in this city on the 19th and 20th of July, 1899. A local committee of the Medal of Honor Legion, of which Companion Major General O. O. Howard, U. S. A., retired, is chairman, and a citizens' committee, at the head of which is Hon. Robert Roberts, mayor of this place, are taking measures to provide for their comfort and entertainment.

Bought Up the Town.

EL RENO, O. T., June 5.—Mountain View, O. T., that was organized in a day, broke another record yesterday. There has existed a rival town a mile and a half west, and it was deemed advisable to consolidate them. Oakdale, the rival, was purchased outright for $34,380, and now is on wheels and strung out on the road to Mountain View. This is probably the first case of buying a whole town that the annals of the west record.

Lynchers Foiled.

ATLANTA, June 5.—A special to The Constitution from Cedartown, Ga., says: Grant Bell, who assaulted Mrs. J. L. Lumpkin, was spirited away from here last evening. It was reported that mobs were on the way from Rome, Cartersville and Rockmart. The sheriff decided to take no chances. Bell will be tried at a special term of court which has been called.

Nebraska For Henderson.

OMAHA, June 5.—The Bee says: "The votes of Nebraska's two Republican congressmen will be cast for David B. Henderson for speaker. Nebraska will thus second the candidacy of the favorite son of its neighboring state of Iowa and cement still further the amity and good feeling between the sister states."

BREWER REINECKE'S LUCK.

Won the Stallion Polonius at Saturday's Raffle.

The famous stallion Polonius, the sire of the fastest horse ever raised in Orange county, Page, 2:09¼, was disposed of at Chester, Saturday afternoon. Over 400 chances at $1 each had been sold by J. C. Howland.

The horse was won by Brewer Reinecke, who held No. 90, and it was the last ticket sold in this city. Polonius's registered number was 4090.

The drawing was done by a blind boy named "Bub" Coleman, and nearly all of the numbers had been drawn before No. 90 and "horse" appeared.

Mr. Reinecke will leave the horse in the care of C. G. Baldwin.

SPOTTERS AT WORK.

As a Result Eighteen Trolley Employes Saw the Superintendent.

Eighteen trolley employes were summoned to the company's office, last week, as the result of the work of an imported and one local spotter. The charges were varied and were from allowing boys to turn fenders to "short arm"—that is an arm too short to reach the strap which rings up the fares. Two men were discharged, others got short lay offs and the balance were reprimanded or advised as to their future conduct.

OFFICIAL CITY PAPER.

MONDAY, JUNE 5, 1899

Sixteen beet sugar factories were in operation in this country last fall, consuming 7,700 tons of beets a day. This fall, thirty factories will be in operation with a capacity of 16,000 tons a day. It is expected that the country's output of beet sugar will be increased from 34,000 tons to nearly 200,000 tons.

Secretary Alger, who never winced when soldiers were dying by the hundreds in fever-stricken camps as a result of official neglect, has issued an official order that a nest of sparrows in a War Department awning is not to be disturbed. In the secretary's way of thinking one sparrow is of more account than a hundred soldiers.

Chicago's Health Board began, a few weeks ago, to investigate the city's milk supply and already most startling discoveries have been made. Most of the milk that comes to the city is declared to be "suspicious" and the State Veterinarian, who has been engaged in investigating the health of the herds from which the city's milk comes, declares that fully a third of the cows are affected with tuberculosis in some form.

The German newspapers do not think well of the Kaiser's purchase of the Caroline, Ladrone and Pelew islands. They frankly say that Spain has much the better of the deal and that the islands are not worth the price paid for them. Germany's investment in islands is, however, a more businesslike one than ours, for she gets for $5,000,000 a clear title, while for $20,000,000 we got merely the right to fight a nasty war for the establishment of our sovereignty.

Chairman Odell, of the Republican State Committee, who believes in doing everything according to machine methods, has called a meeting of the Republican Congressmen from this State to have them decide which of the candidates from this State, Payne or Sherman, they will support for the speakership. It is more than probable, however, that when the delegation meets, Mr. Odell will spring on them the proposition that, since Mr. Henderson, of Iowa, is almost a certain winner, it will be good politics to drop a New York candidate and get in line for the coming man. In that way better committee assignments and incidentally more patronage can be secured than by unavailing loyalty to the political fortunes of a New York man, who will be out of the fight before it is really begun.

New York city has had enough of the Mazet committee, and the independent newspapers, and even the Republican newspapers which are not dominated by party bosses, are telling it to "get off the face of the earth". The committee and its investigation were discredited in advance. The evident partisanship of its methods, the lack of all judicial dignity in its proceedings, its inability to compel witnesses to treat it with even an appearance of respect and its absurd lack of any real material on which to work made it ridiculous and odious; and the mean insinuations, unsupported by evidence of any kind, in which its counsel, Mr. Moss, indulged invited the brawl at Friday's session which disgraced the committee more than it did the brawler. New York city is heartily sick of the inquisition and if it is continued Dr. Parkhurst's prediction is likely to be verified that it "will contribute to the election of the Tammany ticket next fall".

Frogs and Eels.

Saturday, two well known sportsmen shot thirty-seven fine frogs at Mount Hope.

A man who fished with hook and line at Goose pond, near Westbrookville, one night last week, secured thirty-seven eels and fourteen catfish.

Frogs' legs were very plenty here, Saturday. Two out of towners were on hand with baskets of legs. The price opened at fifty cents a pound, and after a few "buy-at-any-price" men had been supplied the price sank to twenty-five cents a pound.

UP THE MIDLAND.

Frank Mayham's Task—Short Pasture and the Milk Price—Butter Factories—The Potato Crop—Jay Gould's Tannery.—A Last Request.

Correspondence of ARGUS AND MERCURY.

—F. B. Mayham, of the Hobart *Independent*, has started in to pull the Walton *Chronicle* and the Republican party of Delaware county out of the slough of despond. Mr. Mayham has a difficult task ahead of him, but as he is a brilliant writer and an honorable fighter, he will do all in his power to succeed and win the fame and fortune that belong to the brave.

—Unless compelled by the force of habit it would hardly seem possible that the Consolidated Milk Exchange would further reduce the price of milk. Since the pastures are bare and the coming hay crop virtually ruined from the long continued drought that at present shows no sign of let up, there is no reason why the price should go to fifty cents for forty quarts, as has been the case for several years past.

—The establishment of butter factories at different points in the territory of the New York milk supply, like the one now in operation at Liberty and projected at Hurleyville, will eventually solve the milk problem. A dozen of these butter factories on each road leading into New York would handle the surplus in fine shape, and since the Exchange has taken to making the price of milk fluctuate with that of butter, the one will pay as well as the other. Let there be more of them, and a good place for the next one would be in Walton, that busy, bustling Delaware county metropolis.

—A great many lives are each year lost from horses taking fright at paper blowing about in the streets and highways. Considerate people who use good judgment in other matters pay no attention to this nuisance. It would be a good law if those who threw paper or other rubbish in the street had to pay for the damage their carelessness may cause. Another fruitful cause of accidents is one team being allowed to drive past another at a speed that no sensible driver will for a moment tolerate. But then there are too many who have no regard for their fellows.

—Potatoes have taken a tumble and in many instances are selling for fifty cents a bushel, a very sensible price for either consumer or farmer. With proper culture and soil and an average potato season an acre of land ought to produce 200 bushels of good merchantable potatoes. To be sure there are acres and acres of potatoes planted that do not produce fifty bushels and that too on good soil, but in the hands of slouchy owners. The time was when this crop was produced at the expense of a good deal of elbow grease, but this need no longer be the case. Potatoes are profitable as any crop grown on the farm and the price need not go above fifty cents to make it so either.

—The O and W. Summer Homes is authority for the statement that at Gould's, a small post office about four miles south of Trout Brook station, Jay Gould once operated a tannery. It is a fact, and not disputed, that Mr. Gould was actually engaged in the tanning business with a man named Zadock Pratt and did run his partner most severely, but that tannery has never before been supposed to have existed in the town of Hancock. That much abused and wild and woolly town will soon begin to put on airs in consequence of its once being the home of the great financier and railroad manipulator. Towns like people are sometimes born great and others again have greatness thrust upon them.

—Oliver Sprague, of Roscoe, who some time ago attempted suicide, and who died last week, was considerable of a joker in his way and one of those who did not believe that suicide is a sin, but it was not to discuss this question that I mentioned the matter at all, but to tell how he turned the tables on one Oscar Wilson, of Rockland, with whom he had had some difficulty. Sprague and Wilson had both worked for "Gum" Dodge, the well known hotel keeper, and each hated the other with the fiercest kind of hatred. Sprague was taken sick some six years ago and expected to shuffle off this mortal coil at short notice and sent post haste for Dodge to come to his bedside. Dodge went, in hopes that he might be able to do something to ease the old man in his last hours on earth, and asked Sprague what he wanted him to do. "Now, Gum," said the dying man, "I can't live but a few hours longer and I want you to promise me that after I am dead that ———— Oscar Wilson ain't allowed to drive the hearse." As Sprague lived two weeks after his unsuccessful attempt at suicide, it is now a question whether he died by his own hands or a natural death at the advanced age of seventy-four years. RUSTICUS.

CLOSING ON MORONG.

Lawton's Forces Attempt to Surround Rebel Army.

HALL'S MEN FIGHT ALL DAY.

The Advance Toward Antipolo Was Begun Saturday—After a Tiresome Journey and Much Fighting the Town Was Found Deserted.

MANILA, June 5.—The position of the American troops now indicates that they will today sweep the peninsula of Morong, the land projecting to the south into Laguna de Bay, where the insurgents are supposed to have a large force near the town of Morong, as well as the battery on the western shore of the peninsula which recently smashed the propeller of the gunboat Napidan.

General Hall is marching from Antipolo, about six and a half miles northwest of Morong, toward the peninsula, with his forces spread out to cover a large section. Colonel Truman, with the First North Dakota regiment and the Twelfth infantry, is advancing along the coast of the lake from Taytay, incidentally clearing several small towns, while Colonel Wholley, with the First Washington regiment, has landed on the peninsula above the town of Morong.

The original plan was to surround the forces of General Pio del Pilar so that he must retreat to the Morong peninsula, where capture would have been inevitable. This was not a complete success, because General Hall's column found the country full of handicaps to marching. There were several streams to be bridged or forded, and the troops frequently floundered through morasses waist deep in mud, an experience which under the terrific sun exhausted the Americans quite beyond endurance. Most of General Pio del Pilar's followers are supposed to have escaped northward, probably reaching Bosoboso, a stronghold in the mountains.

General Hall's column, which assembled at the water works, or pumping station, late Friday night under cover of a moonless sky, consists of the Second Oregon volunteers, who marched to the point of rendezvous from the city barracks; a battalion of the Second Wyoming regiment, four troops of the Fourth cavalry—one mounted on the big American horses which so impressed the natives, the others unmounted—two battalions of the Fourth infantry, one battalion of the Ninth infantry, the first six companies of the First Colorado regiment and two mountain guns. The men rolled themselves in their blankets and lay upon the wet grass for a few hours under a drizzling rain.

At 4 o'clock Saturday morning they began to cross the San Mateo river and about noon easily repulsed a large band of Filipinos about 12 miles east of Manila, between Mariquina and Antipolo.

The Oregon regiment, the cavalry, the artillery and the Fourth infantry accomplished this task, driving the insurgents from the hills, the other troops being held in reserve, but afterward joining the main column in the pursuit toward the sea.

A running fight was in progress all the afternoon. A Filipino outpost first attacked a few American scouts, whereupon the Fourth cavalry formed a long skirmish line and easily drove the insurgents into the hills. Then the Oregon regiment moved across a wet, soggy ricefield in extended order toward the hills, where it was believed a large force of the enemy had concentrated. When the Oregonians were within about a mile of the position, the Filipinos opened a heavy fire, the Americans replying and pressing forward more rapidly.

Colonel Wholley, with two battalions of the First Washington regiment, a battalion of the Twelfth infantry, two guns of Scott's battery and a party of scouts under Major Jeisenberger, left San Pedro Macati Saturday morning, and, after fording the river Pasig, advanced northeast upon Cainta, while General Hall approached the town from the opposite direction, the gunboats Napidan, Covadonga and Oeste co-operating in the river.

General Hall's column, in the movement on the Morong peninsula, completed a circuit of 20 miles over rough country, having two engagements with the insurgents, one of them severe, and keeping up an almost constant fire against scattered bands of rebels for nearly 24 hours from 4 o'clock Saturday morning, when the column left the pumping station.

The Filipinos were driven in every direction, and the country through which General Hall passed was pretty thoroughly cleared. At 10 o'clock yesterday morning the column reached a point a few miles from Taytay, where General Hall was met by General Lawton, who had already entered the town and found it deserted.

General Hall's objective point was Antipolo, ten miles off, and there was desultory firing all along the line of march. The gunboats could be heard shelling the hills in advance of the column.

The column, after driving the rebels from the foothills near Maria Chino about noon Saturday with a loss of but two or three slightly wounded, proceeded with all possible haste toward Laguna de Bay, the Fourth cavalry in the lead, the Oregon regiment next and the Fourth infantry last. At 3 o'clock these three regiments fought their second battle of the day, and it resulted, like the first, in the complete rout of a large Filipino force located in the mountains and having every advantage of position. In this fight the American loss was four killed—three of the Fourth cavalry and one Oregonian—and about 15 wounded. The Filipino loss could not be ascertained, but the terrific fire which the Americans poured into them for half an hour must have inflicted severe punishment. In this engagement our troops made one of the most gallant charges of the war, and the enemy was forced to flee in the greatest disorder.

The troops, after camping for the night on the battlefield, started at 5 yesterday morning for Antipolo, where it was expected a strong resistance would be made. Antipolo is a place far up in the mountains, which the Spaniards had said the Americans could never capture. It has cost Spain the lives of 300 troops.

The progress of the column was considerably delayed while passing up the steep mountain grade by a small band of insurgents, but these were effectually routed by the Fourth cavalry, which was in advance, and the troops reached Antipolo in a few hours.

Our lines were immediately thrown around on three sides of the town, and then the final advance was made. But it was found unnecessary to fire a shot. Not a rebel was visible, and the town was entirely abandoned.

Candidates Rejected.

WEST POINT, N. Y., June 5.—Of the 55 candidates examined Saturday physically for admission to the Military academy only three were rejected—Martin of Indiana, Warwick of Alabama and Merritt at large. Young Merritt is a nephew of General Wesley Merritt. He was rejected on account of his eyes, but will probably be given another examination later on. There are about 175 candidates yet to be examined for their physical fitness.

Secret Conference at Washington.

WASHINGTON, June 5.—Acting Secretary of War Mielklejohn and Adjutant General Corbin had a conference with the president after midnight last night. They had been summoned by the president, it was understood. What the nature or result of the conference was can only be conjectured as yet, as the parties to it declined to discuss it.

Killed in Holland.

THE HAGUE, June 5.—Miss Roth, daughter of Dr. S. Roth, Swiss minister at the court of Berlin and chief of the Swiss delegation to the peace conference, was killed in a railway accident last Thursday at Flushing, on the south side of the island of Walcheren, at the mouth of the Western Scheldt.

WHO KILLED FOUNTAIN?

Captain Curry Offers to Reveal the Guilty Party.

HILLSBORO, New Mexico, June 5.—Captain George Curry, former sheriff of Lincoln county, has arrived here and discloses information that has been heretofore well guarded concerning a conspiracy to commit four murders, one of them being that of Colonel Fountain. He doesn't implicate Lee and Gilliland, who are now being tried for the murder of Colonel Fountain and his son, but simply says:

"If the court will admit my evidence, I can tell who planned the killing and who vainly lay in wait for Colonel Fountain once before he was killed.

"'Slick' Miller, one of my prisoners, who was pardoned out of the penitentiary by Governor Thornton, made a confession to me, which I have kept secret, having no occasion to divulge it till now. There were three men in the plot, and all had been indicted for stealing cattle. I had been instrumental in some of the cases, and they agreed to put me out of the way too. James E. Cree of the V. V. Cattle company, a large Scotch syndicate, was to be killed. I told him quietly what I knew, and he, fearing he would yet be murdered, returned to Scotland and is waiting until this affair is settled. W. C. McDonald of the Carizzo Cattle company, another who was active in the prosecution of the cattle thieves, was to be murdered, and Colonel Fountain, who was the attorney for the Southeastern New Mexico Cattle company. Miller was convicted of cattle stealing, and the other two conspirators carried out but a part of their agreement."

Curry said that Miller told him that the bodies of Colonel Fountain and his son are buried in the White Sands, near the Sacramento mountains. A thorough search of these sands may disclose the bodies, but it is feared the drifting nature of the soil will have buried them too deep.

Curry held a conference with the attorneys for the defense, and the indications are that they will use him as a witness.

HAVANA IMPORTS.

A Statement Showing One Month's Receipts at That Port.

WASHINGTON, June 5.—Acting Secretary of War Mielklejohn has received from Havana a general statement of articles of merchandise imported into that port during the month of February, 1899, showing the countries from which the importations were made. Other reports of a similar nature are expected to be filed with the secretary of war covering other ports in the island of Cuba. The reports for March, April and May are daily expected.

As an evidence of the business done at the port of Havana for a single month, and that the shortest month of the year, there were 337 packages of agricultural implements, weighing 12,181 kilos, imported from the United States and 712 packages, weighing 5,457 kilos, from England. All of these packages were imported free of duty, as there is no tariff upon agricultural implements imported into Cuba.

During the same month there was imported from the United States to Havana 373,988 liters of beer, from England 13,991 liters and from other countries 2,647 liters.

In crockery England leads the list of any single country, there being imported from that country 20,428 kilos against 3,475 kilos from the United States, while there was imported from other countries 21,087 kilos.

In glassware the United States leads with 45,238 kilos, England furnishing only 3,070 kilos, while from other countries the importations amounted to 108,329 kilos.

In hardware the United States again leads with 188,031 kilos, England following with 55,425 kilos and other countries 41,203 kilos.

Of miscellaneous provisions there was received from the United States 915,797 kilos, while from England there were only received 281,450 kilos and from all other countries 1,857,147 kilos. Spain leads in the exportation of wines and liquors to Havana.

Transport Dixie Arrived.

NEW YORK, June 5.—The United States transport Dixie, Captain Gunn, arrived in quarantine at 6:30 last evening from Matanzas and Havana, having left the latter port on the evening of June 1. She brings 58 passengers, among whom are Major Arlington U. Betts, Captain Peter C. Deming, Lieutenant William G. Welton, Lieutenant S. P. Veset and Lieutenant Miller. There are also on board 23 discharged and furloughed soldiers and 13 civilian employees in addition to the passengers, 28 wagons and 1,500 cases of ammunition.

Voorhees Not Communicated With.

NEW YORK, June 5.—Governor Voorhees, at Elizabeth, N. J., said last night that he had not been communicated with as yet by the New York authorities and probably would not be until after an indictment had been found against the woman Carrie Jones. He said it was possible the requisition might be made on Tuesday, but he did not think it would be sooner. The formalities will take until toward the end of the week possibly before the girl can be transferred to New York in a legal manner.

House Wrecked, Family Escaped.

ROCK RAPIDS, Ia., June 5.—A tornado Saturday night struck a house occupied by Adolph Juergensen and family, turned it bottom upward and entirely demolished it. The family miraculously escaped with only a few painful bruises. The storm blew down barns and scooped up earth in several places as it passed on north into Minnesota. The path was only a few rods wide.

Result In Doubt.

STROUDSBURG, Pa., June 5.—Yesterday's contest in the primaries between the Quay and anti-Quay factions is still in doubt. E. P. Hollinshead, the anti-Quay leader and delegate, appears to have won by a small majority. The Quay leaders are not willing to admit defeat and claim that the returns from the farming districts will elect their delegate.

A Quay Victory.

WESTCHESTER, Pa., June 5.—The Republican primary election in this county resulted in a complete victory for the Quay forces. The Quay followers will therefore have the four delegates from the county to the state convention and on Tuesday next will have control of the county convention and nominate a full county ticket.

Kidnapers' Trial at Garnerville.

NYACK, N. Y., June 5.—Arrangements have been completed at the New City jail for the transfer of the prisoners Barrow and wife to Garnerville for the examination today. A strong guard has been secured to accompany the prisoners, as it is believed there may be some trouble. It is positively believed that the examination will result in holding the prisoners, and the Rockland authorities say they will try them in this county.

RIOT AT THE RACES.

Demonstration Against Loubet at Auteuil.

BLOWS AIMED AT THE PRESIDENT.

The Police Quell the Disturbance and Arrest Thirty Rioters—Special Cabinet Council Called—Government Will Act With Energy.

PARIS, June 5.—President Loubet, accompanied by the premier, M. Dupuy, and the chief of the military household, General M. C. Bailloud, drove to the Auteuil races yesterday afternoon, closely followed by Mme. Loubet in a second landau. As they drove along the Avenue des Champs Elysees the crowd bowed respectfully, but on arriving at Auteuil they were met by a violent demonstration, evidently organized and directed against the president.

There was a storm of hoots, yells and cries of "Panama!" "A bas Loubet!" and "Vive l'armee!" A few shouts of "Vive Loubet!" were drowned in the clamor.

A strong force of police kept order and arrested many of the disturbers, including a man who tried to force his way to the president's carriage.

During the second race the clamor increased to violence and was plainly directed by a committee of the League of Patriots, collected with their supporters both before and behind the presidential stand, around which a formidable affray proceeded.

During the grand steeplechase many blows were struck, and several policemen were injured in their endeavors to prevent an invasion of the presidential stand.

At the crisis of the excitement, while shouts of "Vive l'armee!" and "Vive Deroulede!" were heard on all sides, Count Christiani rushed toward the president, brandishing a stick, and directed a blow against him, striking his hat.

The crowd rushed upon Christiani, who only escaped severe handling by being taken under police protection.

President Loubet remained all the while quite unmoved, talking to the premier, while the officers of his military household were defending him against violence.

Finally, after 30 arrests had been made, the prefect of police ordered the Republican guards to surround the presidential stand.

The principal leaders of the demonstration were M. Joseph Lasies, anti-Semite and Nationalist deputy for Gers, and M. Firmin Faure, anti-Semite and Nationalist deputy for Oran, Algeria.

Police Inspector Grilliere had his head seriously wounded in the melee, and President Loubet has since decorated him with the cross of the Legion of Honor in recognition of his devotion to duty.

On returning to the Elysee palace M. Loubet received many sympathizing callers.

It seems certain that the demonstration was organized by the Jeunesse Royaliste, the Ligue des Patriotes and the anti-Semites, the rallying sign being a carnation in the buttonhole.

Count Christiani is a member of the Steeplechase society, a very select body, and his conduct has produced the greatest indignation.

Comtesse Boni de Castellane, who was Miss Anna Gould of New York city, placed herself at the head of the Jeunesse Royaliste and marched up and down the lawn shouting "Vive l'armee!" Comte Boni de Castellane and his brother Jean were arrested, but soon liberated.

A special cabinet council was summoned at 9 o'clock last evening to consider the situation, and important measures were concerted to be submitted to the president at another council today for the preservation of order. The ministers, who were in session until 11 o'clock, maintain strict reserve as to the nature of these measures, but a semiofficial note has been issued, which says:

"The government will act with the greatest energy and will impose respect for the president and for the state."

The events of the day will lead to an important discussion in the chamber of deputies, where the government will demand a vote of confidence.

M. Emile Zola, who has returned to Paris, has written asking the public prosecutor to send to his residence a notification of the sentence which the Versailles court passed upon him in the libel action brought by the handwriting experts in the Dreyfus affair.

Major Marchand, whom the government has granted leave of absence to visit his father and who should have left Paris at 9 o'clock last evening, was asked to delay his departure, lest this might be the signal for some demonstration.

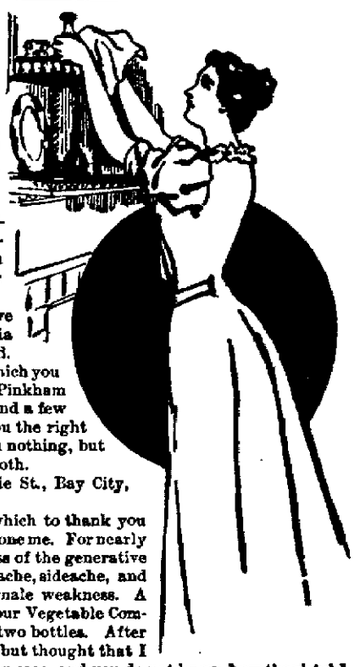
MANY FEMALE ILLS RESULT FROM NEGLECT.

Mrs. Pinkham Tells How Ordinary Tasks May Produce Displacements That Threaten Women's Health.



Apparently trifling incidents in women's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks, may result in displacement, and a train of serious evils is started.

The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. MARY BENNETT, 314 Annie St., Bay City, Mich., writes to Mrs. Pinkham:

"I can hardly find words with which to thank you for the good your remedies have done me. For nearly four years I suffered with weakness of the generative organs, continual backache, headache, sideache, and all the pains that accompany female weakness. A friend told my husband about your Vegetable Compound and he brought me home two bottles. After taking these I felt much better, but thought that I would write to you in regard to my case, and you do not know how thankful I am to you for your advice and for the benefit I have received from the use of your medicine. I write this letter for the good of my suffering sisters."

The above letter from Mrs. Bennett is the history of many women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

ON THE TIP OF THE TONGUE.

They are having a great laugh in a certain drygoods store in this city over a clerk's mistake. A lady called for a pattern for a dressing sack, size No. 40. The clerk who waited on her had to send out of town for it, and by mistake he took the number of boy's bibs instead. The concern notified the Middletown people that it had no pattern of bibs for boys large enough to need size 40.

Billy Allison Davis is again in a great state of unrest. Between dances, balls, weddings and prize fights Billy has little time to rest. The latest disturbance is caused by the coming Fitz-Jefferies match. Billy's got a ticket giving him a seat close enough to the mill to be in the radius of the spray Fitz is going to scatter from Jeffries' proboscis, and he's got $25 to bet that Fitz puts the upstart out.

If you want to see business at a stand still go into the Electric and suggest that Jeffries is a coming champion.

The golf links presented a very pretty sight, Saturday afternoon. Fully fifty players made the rounds and thoroughly enjoyed the fun. The number of new forces is steadily increasing. Byron Morgan was the most expert player on the links. T. Ed. Hayes and Robert Shepard made good beginners' scores despite the fact that they had a caddy who kept allowing the ball to be lost. Several of the ladies have developed an expertness which will keep the members of the sterner sex hustling if they expect to be able to beat them.

The Summit may be tough enough when the hoboes have it all to themselves, but on Sundays, when the Shohola trains stop there ten minutes for water an entirely different aspect is presented.

Between the long switch and the west bound trucks, Sunday morning, at 11 50 o'clock, were fifteen temporary lunch stands. The proprietors and proprietresses of these stands ranged from that of Mrs. Frank Romer's, with its awning to the plain milk can and glasses with the man who yawped: "This is not skim milk," and who could truthfully have added "most of the other sold here is."

When the first Shohola train of seven cars stopped there, Sunday, some of the passengers who have been through before hurried off the cars and bought sandwiches, milk and pie. Others were satisfied with the glasses of milk the boys—and there were fifty of them in the service—carried in through the cars, buying small glasses at five cents each. As the delay continued confidence expanded and more folks ventured off the train, and even the one young man who attracted the writer's attention because he was taking advantage of the high bucked seats to purr to his companion, finally followed her own gaze and landed up against strawberry short cake of Mrs. Romer's finest baking.

Two little girls had a modest little stand in front of them. It looked just as if the family album and a vase or two had been taken from it to the mantel so that it could be carried to the switch, covered with two or three napkins and then loaded with neatly trimmed ham and corned beef sandwiches. The girls were dressed alike, in red dresses with white spots all over them, and starched as stiff as could be. They looked with wonder at the rushing darkeys with their loud, coarse voices and slouching gait, as they pushed and shoved here and there selling their skimmed milk.

No one seemed to notice them, and their stock might have been there yet if a benevolent looking old lady, who was probably riding to her home at some point up the road on Sunday just because she got cheap fare on that day, held a nickel out of the window toward the girls. One saw her and passed up the milk. It was their first sale, and they looked at each other and then smiled such an apprentice smile at the old lady that a half dozen hands came out of the windows. One man had a quarter, and the little ones had to tell him that that they did not have change. "Keep it," he said, and the oldest girl dropped a glass of milk. They did a rattling business after that, and next Sunday will probably find them on hand with more stock and more confidence.

There was another side to growing humanity displayed there which amused and interested. Many of the boys selling milk were simply acting as agents. They took trays of glasses looking just alike and they received a cent for every glass returned empty with five cents. The youngsters would swap empty ones with their competitors every chance they had, and the average salesman was busier watching his friends than his enemies—the customer.

The income of some of those stand-keepers is well worth the effort. One man said his wife took in $30 on one Sunday, last year, and that she made more every season on Sundays than he did all the week.

Most of the stand keepers live at the Summit, but many Fulton street residenters are on hand.

Why not divert part of the money coming in from dog tax to the securing of twice a week concerts at Academy Avenue Park? Thus far 378 dogs have been registered. The city got along without the money before, why not blow the town to a little music out of the dog tax fund?

A CUBAN COMPLAINT

Offer of Charity Termed an Effrontery.

FOUR CENTURIES OF DECEIT.

Natives Were Led to Expect Better Things of Americans, but Find They Are Under Obnoxious Military Rule—More Troops Paid.

HAVANA, June 5.—General Collazo publishes in The Herald of Havana a letter expounding the Cuban idea of the situation. He says in part: "A good deal of the discussion now in progress shows that the real situation is misunderstood. Both the Americans and the Cubans desire the independence of the island—the Americans because they are pledged to it and the Cubans because of patriotic and political considerations. Between the two stands the Washington administration, representing the important business interests involved. There is no doubt that the beauty and rich possibilities of Cuba have aroused in many of our visitors a greed which is responsible for the attempt to create the notion that the country is warlike, whereas the fact is that the Cubans are so docile that even the desperation of hunger will not lead them into wrongful action.

"The offer of charity affronts the dignity of our people, and the gratuity of $3,000,000 insults them. The United States government, if it intends to free the island, should pay what is due the army in the form of a loan to Cuba, which the Cubans would gladly and easily repay. We do not want gifts, and the course hitherto followed discredits the American government among us and inspires distrust. The Cubans have been deceived for four centuries, and it is only logical that they should be suspicious now. They were formerly taught that the Americans had an honest home administration, which conformed strictly to law and knew no favoritism except that based upon merit.

"In practice here the Cubans see just the contrary exemplified. No one among us sees in advance the measures to be promulgated; the caprice of the military chiefs is paramount; the people are a lifeless factor, that can exert no power nor even protest except in public meetings and the press. The Cubans are starving, while hundreds of thousands of dollars are spent upon palaces for the American commanders, who apply the military or the Spanish law as their whim suggests. Charity, such as is offered, must be in any event useless, because inadequate. Cuba will not recuperate without $50,000,000 to finance her agriculturists and without paying the army what it deserves. In this way recuperation can be accomplished. All that is necessary is the will of the American administration."

According to a dispatch from Guines, Lieutenant Colonel George M. Randall, who, with the pay car and his escort, arrived here Saturday to continue the payment of the Cuban troops, slipped on a piece of banana peel yesterday and broke a tendon in his left leg. This necessitated his sending for crutches and his negro servant. Though in great pain, he declines to give up the work he has in hand and was in attendance all day at the disbursement office.

When the pay car arrived at Guines, it was met by a large crowd, and the guards had considerable work in keeping the people back. Colonel Randall made 174 payments and rejected 37 applicants. The payments made yesterday brought the total up to 417, and there was a large crowd still waiting at 5 o'clock, when the office closed. Probably all of today will be required to complete the payments.

The crowds were orderly. It was reported that General Hernandez had made threats against soldiers who should accept American money, but in the course of an interview this afternoon he asserted that he had given arms to all soldiers who were desirous of making application.

Confederate Flowers Rejected.

COLUMBUS, O., June 5.—The G. A. R. posts of Columbus received considerable notoriety last week on account of having refused to receive a floral tribute from ex-Confederates of the south to be placed on Union graves here. The floral committee, which rejected the emblem, has prepared a statement explaining the matter. The report says: "The chairman of the committee, in accepting the wreath, did not know what entered into the formation of the emblem. When it was learned that the design contained the emblem of the American flag supported by an arm clothed in the Confederate gray above and an arm clothed in blue beneath, many members of the Grand Army of the Republic entered their protests against the placing of the emblem upon the mound, and it was rejected."

Henderson For Speaker.

CHICAGO, June 5.—The Record says the Congressman David B. Henderson of Iowa today received enough pledges by telegraph and mail to give him 102 votes in the Republican caucus when it meets in Washington. As 93 votes constitute a majority of the Republican representation in the house, Colonel Henderson has nine to the good, and more states to hear from. Word came to Chicago today that James S. Sherman and Sereno E. Payne, New York's rival aspirants for the speakership, will withdraw from the contest in a few days, thus making Colonel Henderson's election unanimous.

Baseball.

NEW YORK, June 5.—Only one game of baseball in the National league was played yesterday, that by the New Yorks and Louisvilles at Weehawken, N. J. The New Yorks were easy winners. They batted Phillippi out of the box in the fourth inning and found no difficulty in solving McGee's curves when the latter was substituted. The Colonels could not hit Carrick and besides played a poor fielding game. The score stood 13 to 2.

DREYFUS TO RETURN.

Great Rejoicing Over the Revision Verdict of the Court of Cassation.

PARIS, June 5.—The cabinet council has decided that the French second class cruiser Sfax, now at Fort de France, Martinique, should proceed immediately and bring Dreyfus from the Isle of Devils to France.

The cruiser is expected to arrive at Brest about June 20, when Dreyfus will be handed to the military authorities and lodged in the military prison at Rennes.

His conviction having been annulled by the united chambers of the court of cassation, his military rank and title are restored to him. He will occupy an officer's cabin on board the Sfax and will be allowed on deck from 1 to 4 o'clock every afternoon.

The papers point out that the court of cassation voted unanimously for revision and only debated the process whereby it should be carried out.

The decree of the court was communicated to Mme. Dreyfus at the house of M. Hadamard, her father. She immediately sent the following dispatch to her husband:

"The court of cassation proclaims revision, with a new trial by court martial. Our hearts and thoughts are with you. Let us share your immense happiness. Tenderest kisses from all."

The Figaro says that throughout the day congratulatory telegrams have been flowing in upon Mme. Dreyfus, M. Mathieu Dreyfus and Maitre Mornard, their counsel.

WORLD'S COAL PRODUCTION.

America's Rapid Gain Brings Her to Second Place.

WASHINGTON, June 5.—The coal production and consumption of the world during the past 15 years are presented in some tables just prepared by the treasury bureau of statistics. These show that while the United Kingdom is still the largest coal producer of the world the United States is a close second, and if the present rate of gain is continued will soon become the leading coal producing country of the world. The coal production of the United Kingdom in 1897 was 202,000,000 tons, that of the United States 179,000,000 tons; Germany, 91,000,000; France, 30,000,000; Belgium, 22,000,000; Austria-Hungary, 12,000,000; Russia, nearly 10,000,000; Australasia, nearly 6,000,000; Japan, over 5,000,000; British India 4,000,000; Canada, nearly 4,000,000, and Spain, 2,000,000.

No other country reached 1,000,000 tons in production. The United States has gained much more rapidly during the 15 years under consideration than has the United Kingdom or any of the important coal producing countries of the world, her gain during the 15 years being over 73 per cent and that of the United Kingdom less than 24 per cent.

CONDENSED DISPATCHES.

Going to Alaska.

CHICAGO, June 5.—Senator Fairbanks of Indiana and Comptroller of the Currency Dawes, with their wives, left yesterday for Seattle, where they will embark on Admiral Dewey's former dispatch boat McCullough for a visit to Alaskan points.

Monnett After the Trusts.

COLUMBUS, O., June 5.—Attorney General Monnett will begin suits this week against both the Steel and Tobacco trusts. Next on the list will be the Sugar trust. Complaints against all three under Ohio's antitrust law are now on file in his office.

Bright-faced, happy, rollicking, playful babies, thousands of them all over the broad land, have in their bodies the seeds of serious diseases, and while they laugh and play are facing death. The mother, in the majority of cases, is unconsciously responsible for this sad state of affairs. Where the mother, during the anxious period, suffers from weakness and disease of the distinctly feminine organism, it is useless to expect a sound and healthy baby. Every woman may be strong in a womanly way, and have robust, happy children.

A wonderful medicine for women is Dr Pierce's Favorite Prescription. It is the discovery of an eminent and skillful specialist, Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids Hotel and Surgical Institute, at Buffalo, N. Y. It is a medicine that acts directly and only on those delicate and important organs that bear the burdens of maternity It makes them strong, healthy and elastic It allays inflammation, heals ulceration stops debilitating drains and soothes pain It gives rest and tone to the tired nerves. It fits for wifehood and motherhood. It does away with the discomforts of the expectant period and makes baby's coming easy and comparatively painless. Honest druggists will not offer an inferior substitute for the sake of a little extra profit.

"I suffered for years from displacement, debilitating drains, inflammation and weak back," writes Mrs. Bessie McPherson, of 38 So. Main St., Providence, R. I. "I traveled with my husband and first noticed my weaknesses coming on when the jolt of the cars became unbearable. I stopped traveling but the trouble steadily grew worse I suffered so that I became despondent and wished for death. I took only a few bottles of Dr Pierce's Favorite Prescription and was permanently cured."

"Life Renewer" for Ladies.

Olivia Peterson, of Coldwater, Mich., writes: "I had not been able to sit up half day at a time for thirteen years until I used the Mystic Life Renewer. It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed Life Renewer has done more for me than all the patent medicines, doctors and christian science treatments combined. It is the most wonderful medicine I ever saw."

THE NEW YORK WORLD

THRICE-A-WEEK EDITION.

Practically a Daily at the Price of a Weekly.

The striking and important events of the last year have established the overwhelming value of *The Thrice-a-Week World* to every reader. For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover, has reported them as promptly and fully as if it were a daily With our interests still extending throughout the world, with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased.

The motto of *The Thrice-a-Week World* is improvement. It strives each year to be better than it was the year before, and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper, not a daily, published in America.

We offer this unequaled newspaper and THE MERCURY together one year for $2.

The regular subscription price of the two papers is $2 50.

SLIGHT BLAZE AT THE FOUNDRY.

Prisoner Failed to Appear—Cornell Scholarship Examination—Early Services at St. John's—Trustees Completing Village Assessment.

From Our Regular Correspondent.

—A passing locomotive started a fire at 2.30 o'clock, Sunday afternoon, in the shingle roof of an old building formerly used as a pattern making shop at the Newbury foundry. A large number of valuable patterns are now stored in the building. Erie track foreman Kelley discovered the blaze and gave the alarm. James Franklin, John Myers and one or two other employes of the foundry extinguished the flames without calling out the fire department. The damage was inconsiderable.

—John Earls, who was worsted in a fight with Joseph Wannamaker, Friday, caused the latter's arrest. Chief Van Leuvan served the warrant. He was released pending a hearing set down for 9 o'clock, Saturday, a. m., record at which he failed to appear. No further action has been taken in the matter.

—The examinations for State scholarships at Cornell University were held in this village at the High School, Saturday. Dr. R. V. K. Monifort, of Newburgh, and School Commissioner Wm. P. Kauffman, of Port Jervis, were in charge. There were five candidates as follows: Jay L. Smith, Port Jervis; Milo Robinson Clark, Newburgh; Hamilton F. Northrop, Newburgh; Bessie W. Sumner, Middletown, John Lester Tuthill, Goshen.

—Hadden Wells, of New York city, has been spending a few days at his home near Goshen.

—Rev. W. F. Brush, Sunday night, preached his final sermon on "Burden Bearing," at the M. E. Church.

—Services will be held, this week, at 6 a. m. daily in St. John's Church.

—Rheumatism has again got the better of M. Lundy and he is confined to his home in consequence.

—I. C. Robinson, of New York, is spending a few days in town.

—The Board of Trustees, acting as assessors, will meet, Tuesday afternoon, from 1 until 5 o'clock, in the corporation rooms on New street, for the purpose of completing the assessment roll of the taxable inhabitants, corporations and property within the village of Goshen and to hear and determine complaints in relation thereto.

—Rev. H. O. Tucker, D. D., of Indiana, will address a mass meeting at the M. E. Church, to-morrow night, for the purpose of "launching" the Anti-Saloon League in this village. Everyone will be welcomed.

LIGHTNING IN THEIR BEDROOMS

Narrow Escape of the Occupants of a House at Delhruce.

From the Livingston Manor Ensign

During the terrific electrical storm, Sunday night, the residence of Mrs. Alice Conklin, at Delhruce, was struck by lightning and badly shattered.

Mrs. Conklin was away leaving the house in charge of her daughter. Mrs. Frank Martin. The lightning entered the house at the corner tearing off the siding and throwing it many feet away. It then passed into the two bedrooms occupied by Mrs. Conklin's sons and Mrs. Martin tearing off the plaster within a foot of the boys' heads and rendering Mrs. Martin unconscious for a few moments.

That the occupants escaped from the wrecked bedrooms unhurt is almost a miracle.

"In Union There is Strength."

The strength of every human being consists in the union, the harmonious working together, of every part of the human organism. This strength can never be obtained if the blood is impure. The blood goes to all parts. Purify it, or there can be no "union." and therefore no health or "strength."

Hood's Sarsaparilla is the standard prescription for purification of the blood. *It never disappoints.*

Bad Blood—"I could dance for joy for what Hood's Sarsaparilla did for me in curing those terrible burning sores on my leg. Seven doctors gave up but Hood's cured me. My gratitude is unspeakable." THOMAS BENNETT, 175 Sycamore St., Roslindale, Mass

After Fever—"Typhoid fever left my little girl very weak and thin and with no appetite. She is now fat and well and Hood's Sarsaparilla made her so. It cured my husband's rheumatism." MRS. CLINTON B. COPP, Buckingham Valley, Pa.

Rheumatism—"I had rheumatism for five years and can conscientiously say that Hood's Sarsaparilla has given me entire relief. As a blood purifier it has helped my children wonderfully." MRS. S. A. SAGAR, 83 Franklin Avenue, Passaic, N. J.

Malaria—"Exposure in the civil war brought on malaria and its germs have hung around me, developing into sharp neuralgic pains. Hood's Sarsaparilla cured me promptly." MOSES W. EMERSON, Photographer, Lowell, Mass.

Ulcers in Stomach—"'Medical science is exhausted,' said the doctors. 'We can do no more for those ulcers in your stomach, nor stop the hemorrhages.' I took Hood's Sarsaparilla and in six months was perfectly well. Several years have passed and I am still well." MISS LETTIE HUNTLEY 26 Garfield Street, Cortland, N. Y.

N. B. Later letters tell the same story.

Hip Disease—"I had running sores for eight years on my hips. I was confined to my bed at times and at others used crutches. Hood's Sarsaparilla cured my hip and gave me permanent health." OLLIE J. ARCHER, 139 Dudley Street, Dayton, Ohio

FEEDING THE CALF.

Advice Given by a Pennsylvania Dairyman Who Has Had a Lot of Experience.

A reader in Pennsylvania, who has made a business of raising calves, says never to mix corn meal into the calf's milk. Nothing will scour a calf quicker. He has tried linseed meal, linseed jelly, rennet and even melted butter in feeding calves. The keynote of success is temperature. Have your milk from 98 to 100 degrees. Don't give a heifer a spoonful of corn meal until she begins to give milk. Leave the calf with the cow until it is three days old, and then give one-half new and one-half skim-milk, heated to 98 degrees. Give this for several days and then put it on skim-milk, heated to 98 degrees, until weaned, and never overfeed. He uses a calf feeder with a rubber tube for sucking. This, he says, keeps the calf in better health, as it prevents it from drinking the milk too fast.

If the calf is constipated, lower the temperature of the milk for one or two feeds to 90 degrees. If it scours, run the temperature up to 105, for a feed or two. One can regulate the bowels accurately by the temperature of the milk. Never mix anything with the milk. At about four weeks old, give the calf bran in a box, and all the clover hay it will eat. Don't feed any corn meal. Try to get it to consume all the rough feed possible. Don't be afraid if the calf becomes pot-bellied, so long as the digestion is right. It will help the calf wonderfully to rub it well with a stiff brush or the hand along the spine and sides once or twice each day. This sort of massage treatment will surely help the calf. The four great essentials in raising a good calf are cleanliness, temperature of the feed, not mixing anything with the milk, and not overfeeding.—Rural New Yorker.

SMALL FEED LOTS.

They Are Valuable Because They Form a Reservoir for Making and Saving Manure.

When we see a farmer scattering his fodder and hay out to his stock over several acres of ground it is quite evident that he is making a mistake, especially in the way of saving manure, for much of the fertility evaporates and goes to waste. If the cattle are dehorned they can be bunched in a small lot and fed in a rack of boxes. From their night quarters in the stable I turn during the day four cows on a space measuring 25 by 40 feet, where they eat fodder. In an adjoining lot of about half this area are kept three yearling cattle which have a straw shed for shelter. An additional lot comprising about three-fourths of the space of cow lot furnishes a place for horses during the day. Thus the stock is removed from the graveled track leading through barn yard to stable doors. A rick of straw adjoining these lots furnishes a supply of litter which along with the corn stalks will be thoroughly rotted by next fall and ready to be hauled out and scattered over the young clover. It will amount to 50 wagon loads. Thus it will be seen that small feed lots are essential in forming a reservoir for making and using manure—the most complete fertilizer embracing as it does all the elements of plant food.—W. R. Porter, in Kansas Stockman.

From One Point of View.

"Trusts put up prices, don't they?" asked the boy.

"Some people say they do," answered his father cautiously.

"When prices go up we have to economize, don't we?" persisted the boy.

"We surely do," answered the man who pays the bills.

"Well," said the boy with a sigh, "I wish you'd tell mamma that there's a soap trust now."—Chicago Post.

MOST BEYOND RELIEF.

If It Were Not for Middletown Indorsement People Might Be Skeptical.

No wonder people doubt!
So many statements are made.
Statements indorsed by strangers.
From people living in distant towns.
Don't known them and can't see them.
Such inborsement has a hazy aspect.
Middletown people want local proof.
That's what we have here.
It's not beyond belief because it can be proven.

Read a local citizen's testimony:

Mr. C. B. Truesdale, No. 108 North street, says:—"For four or five years my kidneys bothered me. Pain in the lower part of the back and in one side proved this. It is possible it arose from a strain while lifting, because I frequently exerted myself in that way. Often in the morning I could hardly get out of bed, my back was so painful and stiff. If I caught cold I was always worse, for it settled in my back. Stooping or occupying any position that strained my back hurt me. I tried every remedy I knew about, and lots prescribed by friends. They were useless. I tried Doan's Kidney Pills, procuring them J. E. Mills' drug store. They cured me".

Doan's Kidney Pills for sale by all dealers; price 50 cents a box, or sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.
